

Great Falls Woodturners Newsletter

www.gfturners.org

Volume 7, Number 4

OCTNOVDEC 2015

The First One.....

A big thank-you to Charles "Sam" Sampedro for all of his work with the newsletter for many years. He passed the torch so your help is needed to keep the newsletter going.

Unfortunately, we are a few months behind so I apologize and ensure the newsletter will probably be different but back in action.

Thanks to Paul Snyder continuing to provide the photos and to Susan Crocker for trying to take on the newsletter, but with work and a business to run, it was just too much.

Please send information to me at coopjord04@gmail.com if you have anything to share.

Thanks again.
Dirk

So this issue will be called OCTNOVDEC and hopefully all the "happenings" get covered.

Joke of the Month

"What kind of wood do movie stars turn?"

"Holly-wood"

"HAHAHAHAHA"

HOT TOPICS

- 1. Trent Bosch will be here Sept. 24-25th, 2016. Our website has the flyer so head there and take a look. The flyer was also sent to other clubs in Mt and Canada and is on the AAW website. Hope to see everyone there.**
- 2. Oland Tool making class will be in February. If you haven't sent me your name please do as we have only enough supplies for 25 tools.**
- 3. The soup bowls for YWCA and bowls for the Scottish Rite are due in April. Please plan on making a bowl or 3 to share with our local charities and keep GFWT on the up and up.**
- 4. For the demo's we will set up both camera's with projector and TV to ensure a good view no matter what seat you have. I think we now have the kinks worked out.**

Club Demonstrations in a NUTSHELL !?

Well that's going to have to suffice for this newsletter, I know there's no demonstration information or fancy parts but that will come with the February newsletter. If you have any information or ideas for the newsletter please email me. **Hoping all of you a Great 2016 and HAPPY TURNING.** Dirk
